THE JOURNAL OF HAND SURGERY

Official journal
AMERICAN SOCIETY FOR SURGERY OF THE HAND
VOLUME 10A JANUARY-DECEMBER, 1985

AMERICAN VOLUME

AMERICAN VOLUME

Editor in Chief: Adrian E. Flatt

Assistant Editor: F. William Bora, Jr.

Editorial Office: Department of Orthopaedics, Baylor University Medical Center, 3500 Gaston Ave., Dallas, TX 75246 U.S.A. Phone: (214) 820-2865

Journal Committee Chairman: Lee W. Milford

Associate Editors

Earl Z. Browne, Jr., *Philadelphia*
Richard G. Eaton, *New York*
Richard H. Gelberman, *San Diego*
Francis M. Howard, *Longboat Key, Fla.*
Michael E. Jabaley, *Jackson*
John C. Kelleher, *Toledo*
Lynn D. Ketchum, *Overland Park*
Graham D. Lister, *Louisville*
Mary H. McGrath, *New York*
Paul R. Manske, *St. Louis*
Robert J. Neviaser, *Washington, D.C.*
Lawrence H. Schneider, *Philadelphia*
James W. Strickland, *Indianapolis*
Paul M. Weeks, *St. Louis*
Andrew J. Weiland, *Baltimore*
Virchel E. Wood, *Loma Linda*

Corresponding Editors

Argentine Society for Surgery of the Hand: E. Zancolli

Subject index*

A

Abductor pollicis longus
Bilateral subluxation of base of thumb secondary to unusual abductor pollicis longus insertion: Case report (Martinez and Omer), 396

Absence defects
Congenital upper limb anomalies: Etiologic grouping of clinical, genetic, and epidemiologic data from 387 patients with "absence" defects, constriction bands, polydactylies, and syndactylies (Wynne-Davies and Lamb), 958

Actinomycosis
Foreign body related actinomycosis of finger (Fayman, Schein, Braun), 411

Alignment
Method for evaluating carpal alignment on lateral radiographs (Micks), 580

American Society for Surgery of the Hand
Presidential address—American Society for Surgery of the Hand (Dobyns), 769

Amputations
Hand amputations proximal but close to wrist joint: Prime candidates for reattachment (long-term functional results) (Meyer), 989
Hand reconstruction for multiple amputations by double microsurgical toe transplantation (Gordon et al), 218
Profundus tendon blockage: Quadriga in finger amputation (Neu, Murray, MacKenzie), 878
Replantation of amputated distal part of fingers (Yamano), 211

Anastomosis
External ring technique for end-to-side anastomosis (Cheema, Schenck, Weinrib), 151

Anatomy
Digital flexor tendon sheath: Anatomic study (Strauch and de Moura), 785

Anesthesia
Restoration of sensibility to anesthetic scarred digits with free vascularized nerve grafts from dorsum of foot (Rose and Kowalski), 514

Aneurysm
False aneurysm of radial artery (Duchateau and Moermans), 140
Granulomatous radial arteritis with bilateral, nontraumatic, true arterial aneurysms within anatomic snuffbox (Leitner, Ross, Neary), 131

Angiolipoma
Infiltrating angiolipoma of hand and wrist (Walling, Companioni, Belsole), 288

Angiolymphoma
Angiolymphoid hyperplasia with eosinophilia: Case report (Hendricks, Moore, Dell), 286

Anomalies
Classification and rationale for management of vascular anomalies in upper extremity (Upton, Mulliken, Murray), 970
Congenital upper limb anomalies: Etiologic grouping of clinical, genetic, and epidemiologic data from 387 patients with "absence" defects, constriction bands, polydactylies, and syndactylies (Wynne-Davies and Lamb), 958
Palmar brevis profundus. Anomalous muscle associated with ulnar nerve compression at wrist (Tonkin and Lister), 862

Arteritis
Granulomatous radial arteritis with bilateral, nontraumatic, true arterial aneurysms within anatomic snuffbox (Leitner, Ross, Neary), 131

Artery
Embolotherapy in treatment of congenital arteriovenous malformations of hand: Case report (Moore and Weiland), 135
False aneurysm of radial artery (Duchateau and Moermans), 140

*January-February, pp. 1-168; March-April, pp. 169-324; May-June, pp. 325-450; July-August, pp. 451-596; September-October, pp. 597-768; November-December, part I, pp. 769-936; November-December, part II, pp. 937-1028.

Improved exposure for arterial repair in thumb replantation (Caffee), 416
Median artery in carpal tunnel syndrome (Barfred, Høljund, Bertheussen), 864
Improvement in results in sixty-four ulnar nerve sections associated with arterial repair (Leclercq et al), 997
Streptokinase in treatment of acute arterial occlusion of hand (Jelalian et al), 534
Toe-to-hand transfer based on medial plantar artery (Koman, Weiland, Moore), 561

Arthritis
Posttraumatic sesamoid arthritis of metacarpophalangeal joint of thumb (Trumble and Watson), 94

Arthrodesis
Approach to Kienböck's disease: Triscaphe arthrodesis (Watson, Ryu, DiBella), 179
Dynamic compression for small bone arthrodesis (Braun and Rhoades), 340
Radiocarpal wrist reconstruction utilizing fibrous nonunion and radiocarpal arthrodesis (Ryu, Watson, Burgess), 830
Radiolunate arthrodesis (Linscheid and Dobyns), 821

Arthroplasty
Bilateral traumatic dislocations of Volz total wrist arthroplasties: Case report (Dennis et al), 503
Distal radioulnar joint arthroplasty: Hemiresection-interposition technique (Bowers), 169
Flexible implant arthroplasty in proximal interphalangeal joint of hand (Swanson et al), 796
Lunate implant resection arthroplasty: Long-term results (Swanson et al), 1013
Soft tissue interposition arthroplasty for scaphoid nonunion (Boeckstyns et al), 109
Tendon interposition arthroplasty for degenerative arthritis of trapeziometacarpal joint of thumb (Easton, Glickel, Littler), 645
Trapezium implant arthroplasty: Evaluation of semiconstrained implant (Ho, Jacobs, Clark), 654

Arthroscope
Wrist arthroscope (Bora), 308

Arthrotomography
Arthrotomography of wrist: Experimental and preliminary clinical study (Blair, Berger, El-Khoury), 350

Avulsion(s)
Nail bed avulsions treated with porcine xenografts (Ersek, Gadaria, Denton), 152

B

Bone
Allograft bone for metacarpal reconstruction (Smith and Brushart), 325
Dynamic compression for small bone arthrodesis (Braun and Rhoades), 340
Effect of avascular necrosis on Russe bone grafting for scaphoid nonunion (Green), 597
Book reviews, 159, 310, 442, 761, 911

Brachioradialis
Brachioradialis to flexor pollicis longus tendon transfer for active lateral pinch in tetraplegic (Waters et al), 385

Burns
Experimental study of vascularized nerve grafts: Multifactorial analyses of axonal regeneration of nerves transplanted into acute burn wound (Koshima and Harii), 64

C

Calcinosis
Tumoral calcinosis: Case report and review of literature (Viegas et al), 744
Tumoral calcinosis in multiple digits: Case report (Bogumill and Lloyd), 739

Candida albicans
Candida albicans tenosynovitis of hand (Yuan and Cohen), 719

Capitate
Nonunion of capitate: Case report (Freeman and Hay), 187

Carcinoma
Metastatic carcinoma of distal ulna from occult pancreatic carcinoma (Huber and Weis), 725

Cardiac (see heart)

Carpal
Method for evaluating carpal alignment on lateral radiographs (Micks), 580
Carpal injuries: Plenary session, 1000
Severance of thenar branch of median nerve as complication of carpal tunnel release (Lilly and Magnell), 399
Symptomatic carpal coalition (Simmons and McKenzie), 190

Carpal tunnel syndrome
Carpal tunnel syndrome: Associated abnormalities in ulnar nerve function and effect of carpal tunnel release on these abnormalities (Silver et al), 710
Congenital carpal tunnel syndrome (Barfred and Ipsen), 246
Median artery in carpal tunnel syndrome (Barfred, Høljund, Bertheussen), 864
Pyroxidine as adjunct in treatment of carpal tunnel syndrome (Amadio), 237
Tuberculosis presenting as carpal tunnel syndrome (Lee), 242

Carpometacarpal joint
Divergent dislocation of carpometacarpal joints: Case report (Gunther and Bruno), 197
Extensor sling procedure for unstable carpometacarpal joint (Biddulph), 641
Fracture-dislocations of all five carpometacarpal joints: Case report (Bergfield, DuPuy, Aulicino), 76
Painful subluxation of carpometacarpal joint of thumb in Ehles-Danlos syndrome (Moore, Tolo, Weiland), 661

Cell
Giant cell reparative granuloma in hand: Report of three cases and review of literature (Merkow, Bansal, Inglis), 733

Chondromatous
Benign soft tissue chondromatous lesions of hand (Armin, Blair, Demos), 895

Claw fingers
Dermadesis and flexor pulley advancement: First report on simple operation for correction of paralytic claw fingers in patients with leprosy (Srinivasan), 979

Clawhand
Clawhand deformity presumed secondary to Parkinson's disease (Heinzelmann and Dow), 19

Clips
Influence of vessel clips on vascular patency in microarterial grafts less than 0.5 mm in external diameter (Huang, Hu, Pan), 538

Clostridium septicum
Metastatic nontraumatic *Clostridium septicum* osteomyelitis (Neimkin and Jupiter), 281

Club hand
Radialization as new treatment for radial club hand (Buck-Gramcko), 964

Collar-button abscess
Ruptured epidermal inclusion cyst of palm presenting as collar-button abscess (Ward and Labosky), 899
Compression
Dynamic compression for small bone arthrodesis (Braun and Rhoades), 340
Constriction bands
Congenital upper limb anomalies: Etiologic grouping of clinical, genetic, and epidemiologic data from 387 patients with "absence" defects, constriction bands, polydactylies, and syndactylies (Wynne-Davies and Lamb), 958
Cyst
Ruptured epidermal inclusion cyst of palm presenting as collar-button abscess (Ward and Labosky), 899

D

Defects
Palmar cross-finger flap for coverage of thumb defects (Vlastou, Earle, Blanchard), 566
Deformity
Clawhand deformity presumed secondary to Parkinson's disease (Heinzelmann and Dow), 19
Correction of rheumatoid swan-neck deformity by lateral band mobilization (Gainor and Hummel), 370
Redirection of extensor pollicis longus in treatment of spastic thumb-in-palm deformity (Manske), 553
Report of panel on paralytic deformities (including leprosy), 975
Degenerative disorders
Degenerative disorders of wrist (Watson and Brenner), 1002
Dermadesis
Dermadesis and flexor pulley advancement: First report on simple operation for correction of paralytic claw fingers in patients with leprosy (Srinivasan), 979
Denervation
Partial dorsal wrist denervation: Resection of distal posterior interosseous nerve (Dellon), 527
Digits (see fingers, phalanges)
Digital flexor tendon sheath: Anatomic study (Strauch and de Moura), 785
Digital tourniquet: How safe is it (Lubahn, Koeneman, Kosar), 664
Digital venous anatomy (Moss et al), 473
Functional assessment of ray transfer for central digital loss (Colen et al), 232
Multiple recurrence of digital pigmented villonodular tenosynovitis: Case report (Adamson and Lucas), 278
Partial nail plate removal after digital replantation as alternative method of venous drainage (Gordon et al), 360
Restoration of sensibility to anesthetic scarred digits with free vascularized nerve grafts from dorsum of foot (Rose and Kowalski), 514
Serial quantitative skin surface fluorescence: New method for postoperative monitoring of vascular perfusion in revascularized digits (Graham et al), 226
Tenosynovial osteochondromatosis of extensor tendon of digit: Case report and review of literature (Patel and Desai), 716
Tumoral calcinosis in multiple digits: Case report (Bogumill and Lloyd), 739
Use of Y-shaped interposition vein grafts in multiple digit replantation (Jones and Jupiter), 675
Digital cord
Isolated digital cord in Dupuytren's contracture: Anatomy and clinical significance (Strickland and Bassett), 118
Disease
Approach to Kienböck's disease: Triscaphe arthrodesis (Watson, Ryu, DiBella), 179
Clawhand deformity presumed secondary to Parkinson's disease (Heinzelmann and Dow), 19
Kienböck's disease (Linscheid), 1
Dislocations
Bilateral traumatic dislocations of Volz total wrist arthroplasties: Case report (Dennis et al), 503
Divergent dislocation of carpometacarpal joints: Case report (Gunther and Bruno), 197
Fracture-dislocations of all five carpometacarpal joints: Case report (Bergfield, DuPuy, Aulicino), 76
Irreducible dorsal dislocations of proximal interphalangeal joint (Green and Posner), 85
Irreducible palmar dislocation of proximal interphalangeal joint associated with epiphyseal fracture of middle phalanx (Jones and Jupiter), 261
Isolated dorsal radiocarpal dislocation: Case report and literature review (Varodompun, Limpivest, Prinyaroj), 708
Isolated palmar dislocation of trapezoid (Kopp), 91
Management of acute distal radioulnar dislocations associated with radial shaft substance loss (Foster and Hansen), 72
Nonoperative treatment of traumatic dislocations of extensor digitorum tendons in patients without rheumatoid disorders (Ritts, Wood, Engber), 714
Open dorsal dislocations of proximal interphalangeal joint (Stern and Lee), 364
Simultaneous closed dislocations of metacarpophalangeal joints of index, long, and ring fingers: Case report (Hall et al), 81
Simultaneous dislocation of hamate and pisiform: Case report (Gainor), 88
Disorders
Degenerative disorders of wrist (Watson and Brenner), 1002
Distal ulnar recession for disorders of distal radioulnar joint (Darrow et al), 482
Nonoperative treatment of traumatic dislocations of extensor digitorum tendons in patients without rheumatoid disorders (Ritts, Wood, Engber), 714
Drainage
Partial nail plate removal after digital replantation as alternative method of venous drainage (Gordon et al), 360
Dupuytren's contracture
Isolated digital cord in Dupuytren's contracture: Anatomy and clinical significance (Strickland and Bassett), 118

E

Ehlers-Danlos syndrome
Painful subluxation of carpometacarpal joint of thumb in Ehlers-Danlos syndrome (Moore, Tolo, Weiland), 661
Elbow
Effect of elbow position on grip and key pinch strength (Mathiowetz, Rennells, Donahoe), 694
Electromyography
Electromyographic analysis of thumb: Study of isometric forces in pinch and grasp (Cooney et al), 202
Embolotherapy
Embolotherapy in treatment of congenital arteriovenous malformations of hand: Case report (Moore and Weiland), 135
Eosinophilia
Angiolymphoid hyperplasia with eosinophilia: Case report (Hendricks, Moore, Dell), 286

Epiphyseum
Irreducible palmar dislocation of proximal interphalangeal joint associated with epiphyseal fracture of middle phalanx (Jones and Jupiter), 261
Etiology
Congenital upper limb anomalies: Etiologic grouping of clinical, genetic, and epidemiologic data from 387 patients with "absence" defects, constriction bands, polydactylies, and syndactylies (Wynne-Davies and Lamb), 958
Exostosis
Treatment of hereditary multiple exostosis of upper extremity (Wood, Sauser, Mudge), 505
Expanders
Soft tissue expanders in upper limb surgery (Mackinnon and Gruss), 749
Expansion
Tissue expansion in reconstructive hand surgery: Case report (Morgan and Edgerton), 754
Excision
Excision of lunate in Kienböck's disease: Long-term results (Blanco), 1008
Extensor pollicis longus
Redirection of extensor pollicis longus in treatment of spastic thumb-in-palm deformity (Manske), 553

F

Fascicular
Surgical significance of motor fascicular group of ulnar nerve in forearm (Chow et al), 867
Fibroma
Juvenile aponeurotic fibroma of hand (Eisenbaum and Eversmann), 622
Fingers (see digits, phalanges)
Bilateral symphalangism of index fingers (Pritchett), 619
Dermadesis and flexor pulley advancement: First report on simple operation for correction of paralytic claw fingers in patients with leprosy (Srinivasan), 979
Foreign body related actinomycosis of finger (Fayman, Schein, Braun), 411
Functional latissimus dorsi island pedicle musculocutaneous flap to restore finger function (Doi et al), 678
Index finger pollicization for congenitally absent or nonfunctioning thumb (Manske and McCarroll), 606
Profundus tendon blockage: Quadriga in finger amputation (Neu, Murray, MacKenzie), 878
Replantation of amputated distal part of fingers (Yamano), 211
Retardation of finger growth after injury to flexor tendons (Cunningham et al), 115
Simultaneous closed dislocations of metacarpophalangeal joints of index, long, and ring fingers: Case report (Hall et al), 81
Simultaneous subluxation of metacarpophalangeal joints of all four fingers: Case report (Ruiz et al), 78
Unusual etiology of trigger finger: Case report (Rankin and Reid), 904
Fingertip
Fingertip reconstruction with palmar advancement flap and free dermal graft: Report of six cases (Arons), 230
Fixation
Carpenter's nails, phonograph needles, piano wires, and safety pins: History of operative fixation of metacarpal and phalangeal fractures (Meals and Meuli), 144
Comparison of internal fixation techniques in metacarpal fractures (Black et al), 466
Interphalangeal fixation of thumb in Moberg's key grip procedure (Hiersche and Waters), 30
Quantitative comparison of metacarpal fracture stability with five different methods of internal fixation (Mann et al), 1025
Flap
Denervated first dorsal interosseous muscle flap: Case report (Lubahn, Carlier, Lister), 684
Fingertip reconstruction with palmar advancement flap and free dermal graft: Report of six cases (Arons), 230
Functional latissimus dorsi island pedicle musculocutaneous flap to restore finger function (Doi et al), 678
Palmar cross-finger flap for coverage of thumb defects (Vlastou, Earle, Blanchard), 566
Flexor
Dermadesis and flexor pulley advancement: First report on simple operation for paralytic claw fingers in patients with leprosy (Srinivasan), 979
Digital flexor tendon sheath: Anatomic study (Strauch and de Moura), 785
Early stages of flexor tendon healing: Morphologic study of first fourteen days (Gelberman et al), 776
Effect of vincular injury on results of flexor tendon surgery in zone 2 (Amadio et al), 626
Flexor tendon gliding in hand. Part I. In vivo excursions (Wehbé and Hunter), 570; II. Differential gliding (Wehbé and Hunter), 575
Intrinsic restoration of flexor tendon surface in nonhuman primate (Manske et al), 632
Postoperative results of opponensplasty and flexor tendon transfer in patients with spinal cord injuries (Kelly et al), 890
Retardation of finger growth after injury to flexor tendons (Cunningham et al), 115
Flexor pollicis longus
Brachioradialis to flexor pollicis longus tendon transfer for active lateral pinch in tetraplegic (Waters et al), 385
Flexor superficialis indicis
Anomalous flexor superficialis indicis: Two case reports and literature review (Elias and Schulter-Ellis), 296
Fluorescence
Serial quantitative skin surface fluorescence: New method for postoperative monitoring of vascular perfusion in revascularized digits (Graham et al), 226
Foot
Restoration of sensibility to anesthetic scarred digits with free vascularized nerve grafts from dorsum of foot (Rose and Kowalski), 514
Forearm
Chronic exertional compartment syndrome of the forearm: Case report (Kutz, Singer, Lindsay), 302
Pathologic anatomy of forearm: Intersection syndrome (Grundberg and Reagan), 299
Simple method of simultaneously administering intravenous fluids in forearm with bilateral upper extremity tourniquets (Patel and Fan), 309
Surgical significance of motor fascicular group of ulnar nerve in forearm (Chow et al), 867
Fractures
Acute phalangeal fractures due to undiagnosed sarcoidosis (Terranova et al), 902
Carpenter's nails, phonograph needles, piano wires, and safety pins: History of operative fixation of metacarpal and phalangeal fractures (Meals and Meuli), 144

Comparison of internal fixation techniques in metacarpal fractures (Black et al), 466
External fixators for wrist fractures: Biomechanical and clinical study (Nakata et al), 845
Fracture-dislocations of all five carpometacarpal joints: Case report (Bergfield, DuPuy, Aulicino), 76
Fractures of hook of hamate—Failure of clinical diagnosis (Polivy et al), 101
Irreducible palmar dislocation of proximal interphalangeal joint associated with epiphyseal fracture of middle phalanx (Jones and Jupiter), 261
Quantitative comparison of metacarpal fracture stability with five different methods of internal fixation (Mann et al), 1025

G

Ganglion
Case of intratendinous ganglion (Young and Freiberg), 723
Dorsal wrist pain and occult scapholunate ganglion (Gunther), 697
Gout
Gouty tenosynovitis in hand (Moore and Weiland), 291
Grafts
Allograft bone for metacarpal reconstruction (Smith and Brushart), 325
Experimental study of vascularized nerve grafts: Multifactorial analyses of axonal regeneration of nerves transplanted into acute burn wound (Koshima and Harii), 64
Fate of tendon healing after restoration of integrity of tendon sheath with autogenous vein grafts (Strauch et al), 790
Fingertip reconstruction with palmar advancement flap and free dermal graft: Report of six cases (Arons), 230
Influence of vessel clips on vascular patency in microarterial grafts less than 0.5 mm in external diameter (Huang, Hu, Pan), 538
Long-term follow-up of nonvascularized fibrular autografts for distal radial reconstruction (Noellert and Louis), 335
Metacarpal resection with contoured iliac bone graft and silicone rubber implant for metacarpal giant cell tumor: Case report (Carlow and Khuri), 275
Restoration of sensibility to anesthetic scarred digits with free vascularized nerve grafts from dorsum of foot (Rose and Kowalski), 514
Use of Y-shaped interposition vein grafts in multiple digit replantation (Jones and Jupiter), 675
Grafting
Effect of avascular necrosis on Russe bone grafting for scaphoid nonunion (Green), 597
Granuloma
Giant cell reparative granuloma in hand: Report of three cases and review of literature (Merkow, Bansal, Inglis), 733
Intravenous pyogenic granuloma of hand (Anderson), 728
Grasp
Electromyographic analysis of the thumb: Study of isometric forces in pinch and grasp (Cooney et al), 202
Restoration of strong grasp and lateral pinch in tetraplegia: Comparison of two methods of thumb control in each patient (House and Shannon), 21
Grip
Effect of elbow position on grip and key pinch strength (Mathiowetz, Rennells, Donahoe), 694
Interphalangeal fixation of thumb in Moberg's key grip procedure (Hiersche and Waters), 30
Growth
Retardation of finger growth after injury to flexor tendons (Cunningham et al), 115

H

Hamate
Fractures of hook of hamate—Failure of clinical diagnosis (Polivy et al), 101
Simultaneous dislocation of hamate and pisiform: Case report (Gainor), 88
Hand
Benign soft tissue chondromatous lesions of hand (Armin, Blair, Demos), 895
Bilateral hand necrosis in Kawasaki syndrome (Ames et al), 391
Candida albicans tenosynovitis of hand (Yuan and Cohen), 719
Embolotherapy in treatment of congenital arteriovenous malformations of hand: Case report (Moore and Weiland), 135
Flexible implant arthroplasty in proximal interphalangeal joint of hand (Swanson et al), 796
Flexor tendon gliding in hand. Part I. In vivo excursions (Wehbé and Hunter), 570; II. Differential gliding (Wehbé and Hunter), 575
Giant cell reparative granuloma in hand: Report of three cases and review of literature (Merkow, Bansal, Inglis), 733
Gouty tenosynovitis in hand (Moore and Weiland), 291
Hand amputations proximal but close to wrist joint: Prime candidates for reattachment (long-term functional results) (Meyer), 989
Hand and wrist joint problems in patients with Ehlers-Danlos syndrome (Kornberg and Aulicino), 193
Hand reconstruction for multiple amputations by double microsurgical toe transplantation (Gordon et al), 218
High-pressure water jet injury of hand (Kon and Sagi), 412
Histologic structure of ulnar nerve in hand (Bonnel), 264
Human bites of hand: Study of one hundred six patients (Dreyfuss and Singer), 884
Infiltrating angiolipoma of hand and wrist (Walling, Companioni, Belsole), 288
Intravenous pyogenic granuloma of hand (Anderson), 728
Juvenile aponeurotic fibroma of hand (Eisenbaum and Eversmann), 622
Museum for human hand (Verdan), 951
Osteoid osteoma of hand (Doyle et al), 408
Primary malignant tumors of hand (Adeyemi-Doro, Durosimi-Etti, Olude), 815
Radialization as new treatment for radial club hand (Buck-Gramcko), 964
Streptokinase in treatment of acute arterial occlusion of hand (Jelalian et al), 534
Tissue expansion in reconstructive hand surgery: Case report (Morgan and Edgerton), 754
Toe-to-hand transfer based on medial plantar artery (Koman, Weiland, Moore), 561
Tumorous lesions of hand (Johnson, Kilgore, Newmeyer), 284
Heart
Upper extremity neuropathies after cardiac surgery (Seyfer et al), 16
Hemiplegia
Surgery to achieve dynamic motor balance in adult acquired spastic hemiplegia: Preliminary report (Pinzur), 547
Human
Human bites of hand: Study of one hundred six patients (Dreyfus and Singer), 884
Museum for human hand (Verdan), 951
Rigor of small human vessels (Bruch et al), 985

Hyperplasia
Angiolymphoid hyperplasia with eosinophilia: Case report (Hendricks, Moore, Dell), 286

I

Illness
Illness in workplace: Challenge of musculoskeletal symptoms (Hadler), 451
Upper extremity and psychiatric illness (Louis, Lamp, Greene), 687
Imaging
Three-dimensional imaging of wrist (Weeks et al), 32
Implant
Flexible implant arthroplasty in proximal interphalangeal joint of hand (Swanson et al), 796
Lunate implant resection arthroplasty: Long-term results (Swanson et al), 1013
Metacarpal resection with contoured iliac bone graft and silicone rubber implant for metacarpal giant cell tumor: Case report (Carlow and Khuri), 275
Trapezium implant arthroplasty: Evaluation of semiconstrained implant (Ho, Jacobs, Clark), 654
Injury
Effect of vincular injury on results of flexor tendon surgery in zone 2 (Amadio et al), 626
High-pressure water jet injury of hand (Kon and Sagi), 412
Postoperative results of opponensplasty and flexor tendon transfer in patients with spinal cord injuries (Kelly et al), 890
Carpal injuries: Plenary session, 1000
Treatment of nerve injuries to upper limb: Plenary session, 992
Pseudotendon formation after flexor tendon injury (Kulick et al), 638
International Federation of Societies for Surgery of the Hand, 937-1028
Interphalangeal joint
Irreducible dorsal dislocations of proximal interphalangeal joint (Green and Posner), 85
Irreducible palmar dislocation of proximal interphalangeal joint associated with epiphyseal fracture of middle phalanx (Jones and Jupiter), 261
Open dorsal dislocations of proximal interphalangeal joint (Stern and Lee), 364
Ischemia
Ischemia-induced model of revascularization failure of replanted limbs (Zdeblick, Shaffer, Field), 125

J

Joint
Hand amputations proximal but close to wrist joint: Prime candidates for reattachment (long-term functional results) (Meyer), 989
Hand and wrist joint problems in patients with Ehlers-Danlos syndrome (Kornberg and Aulicino), 193

K

Key pinch
Effect of elbow position on grip and key pinch strength (Mathiowetz, Rennells, Donahoe), 694
Kienböck's disease
Excision of lunate in Kienböck's disease: Long-term results (Blanco), 1008

L

Laser
Laser diffraction method for measuring muscle sarcomere length in vivo for application to tendon transfers (Fleeter et al), 542
Lateral band mobilization
Correction of rheumatoid swan-neck deformity by lateral band mobilization (Gainor and Hummel), 370
Leprosy
Dermadesis and flexor pulley advancement: First report on simple operation for correction of paralytic claw fingers in patients with leprosy (Srinivasan), 979
Report of panel on paralytic deformities (including leprosy), 975
Lesions
Benign soft tissue chondromatous lesions of hand (Armin, Blair, Demos), 895
Letters to editor, 154, 314, 587, 759, 908
Ligament
Ligament stability of metacarpophalangeal joint: Biomechanical study (Minami et al), 255
Scaphotrapezial ligament complex: Anatomic and biomechanical study (Drewniany, Palmer, Flatt), 492
Lipofibromas
Lipofibromas of median nerve: Long-term follow-up of four cases (Louis et al), 403
Lunate
Excision of lunate in Kienböck's disease: Long-term results (Blanco), 1008
Lunate implant resection arthroplasty: Long-term results (Swanson et al), 1013

M

Macrodactyly
Treatment of macrodactyly (Tsuge), 968
Malformations
Embolotherapy in treatment of congenital arteriovenous malformations of hand: Case report (Moore and Weiland), 135
Xeroradiography as aid in planning resection of arteriovenous malformation of upper extremities (Cabbabe), 670
Metacarpal
Allograft bone for metacarpal reconstruction (Smith and Brushart), 325
Carpenter's nails, phonograph needles, piano wires, and safety pins: History of operative fixation of metacarpal and phalangeal fractures (Meals and Meuli), 144
Comparison of internal fixation techniques in metacarpal fractures (Black et al), 466
Management of delayed union and nonunion of metacarpals and phalanges (Jupiter, Koniuch, Smith), 457
Metacarpal resection with contoured iliac bone graft and silicone rubber implant for metacarpal giant cell tumor: Case report (Carlow and Khuri), 275
Metacarpal rotational osteotomy (Gross and Gelberman), 105
Quantitative comparison of metacarpal fracture stability with five different methods of internal fixation (Mann et al), 1025
Metacarpophalangeal joint
Glomus tumor of metacarpophalangeal joint: Case report (Serra, Muirragui, Tadjalli), 142
Ligament stability of metacarpophalangeal joint: Biomechanical study (Minami et al), 255
Posttraumatic sesamoid arthritis of metacarpophalangeal joint of thumb (Trumble and Watson), 94

Simultaneous closed dislocations of metacarpophalangeal joints of index, long, and ring fingers: Case report (Hall, Gleason, Kasa), 81
Simultaneous subluxation of metacarpophalangeal joints of all four fingers: Case report (Ruiz et al), 78
Morphology
Early stages of flexor tendon healing: Morphologic study of first fourteen days (Gelberman et al), 776
Motor balance
Surgery to achieve dynamic motor balance in adult acquired spastic hemiplegia: Preliminary report (Pinzur), 547
Muscle
Denervated first dorsal interosseous muscle flap: Case report (Lubahn, Carlier, Lister), 684
Direct muscular neurotization (Brunelli and Monini), 993
Functional latissimus dorsi island pedicle musculocutaneous flap to restore finger function (Doi et al), 678
Laser diffraction method for measuring muscle sarcomere length in vivo for application to tendon transfers (Fleeter et al), 542
Palmar brevis profundus. Anomalous muscle associated with ulnar nerve compression at wrist (Tonkin and Lister), 862
Museum
Museum for human hand (Verdan), 951
Mycobacterium terrae
Mycobacterium terrae tenosynovitis (Love and Melchior), 730

N

Nail bed
Nail bed avulsions treated with porcine xenografts (Ersek, Gadaria, Denton), 152
Nail plate
Partial nail plate removal after digital replantation as alternative method of venous drainage (Gordon et al), 360
Necrosis
Bilateral hand necrosis in Kawasaki syndrome (Ames et al), 391
Effect of avascular necrosis on Russe bone grafting for scaphoid nonunion (Green), 597
Nerve
Carpal tunnel syndrome: Associated abnormalities in ulnar nerve function and effect of carpal tunnel release on these abnormalities (Silver et al), 710
Distal posterior interosseous nerve syndrome (Carr and Davis), 873
Experimental study of vascularized nerve grafts: Multifactorial analyses of axonal regeneration of nerves transplanted into acute burn wound (Koshima and Harii), 64
Histologic structure of ulnar nerve in hand (Bonnel), 264
Improvement in results in sixty-four ulnar nerve sections associated with arterial repair (Leclercq et al), 997
Incomplete anterior interosseous nerve syndrome (Hill, Howard, Huffer), 4
Intraosseous nerve transposition for treatment of painful neuromas (Goldstein and Sturim), 270
Lipofibromas of median nerve: Long-term follow-up of four cases (Louis et al), 403
Overlap pattern of lateral antebrachial cutaneous nerve and superficial branch of radial nerve (Mackinnon and Dellon), 522
Palmar brevis profundus. Anomalous muscle associated with ulnar nerve compression at wrist (Tonkin and Lister), 862
Partial dorsal wrist denervation: Resection of distal posterior interosseous nerve (Dellon), 527
Treatment of nerve injuries to upper limb: Plenary session, 992
Restoration of sensibility to anesthetic scarred digits with free vascularized nerve grafts from dorsum of foot (Rose and Kowalski), 514
Severance of thenar branch of median nerve as complication of carpal tunnel release (Lilly and Magnell), 399
Surgical significance of motor fascicular group of ulnar nerve in forearm (Chow et al), 867
Neuroma(s)
Intraosseous nerve transposition for treatment of painful neuromas (Goldstein and Sturim), 270
Neuropathies
Upper extremity neuropathies after cardiac surgery (Seyfer et al), 16
Neurotization
Direct muscular neurotization (Brunelli and Monini), 993
Nonunion
Effect of avascular necrosis on Russe bone grafting for scaphoid nonunion (Green), 597
Management of delayed union and nonunion of metacarpals and phalanges (Jupiter, Koniuch, Smith), 457
Nonunion of capitate: Case report (Freeman and Hay), 187
Soft tissue interposition arthroplasty for scaphoid nonunion (Boeckstyns et al), 109

O

Occlusion
Streptokinase in treatment of acute arterial occlusion of hand (Jelalian et al), 534
Opponensplasty
Postoperative results of opponensplasty and flexor tendon transfer in patients with spinal cord injuries (Kelly et al), 390
Osteochondromatosis
Tenosynovial osteochondromatosis of extensor tendon of digit: Case report and review of literature (Patel and Desai), 716
Osteoma
Osteoid osteoma of hand (Doyle et al), 408
Osteomyelitis
Metastatic nontraumatic *Clostridium septicum* osteomyelitis (Neimkin and Jupiter), 281
Osteotomy
Combined reduction osteotomy for triphalangeal thumb (Peimer), 376
Metacarpal rotational osteotomy (Gross and Gelberman), 105

P

Palm
Ruptured epidermal inclusion cyst of palm presenting as collar-button abscess (Ward and Labosky), 899
Pancreas
Metastatic carcinoma of distal ulna from occult pancreatic carcinoma (Huber and Weis), 725
Paralysis
Report of panel on paralytic deformities (including leprosy), 975
Phalanges (see digits, fingers)
Acute phalangeal fractures due to undiagnosed sarcoidosis (Terranova et al), 902
Carpenter's nails, phonograph needles, piano wires, and safety pins: History of operative fixation of metacarpal and phalangeal fractures (Meals and Meuli), 144
Management of delayed union and nonunion of metacarpals and phalanges (Jupiter, Koniuch, Smith), 457

Phalanx
Irreducible palmar dislocation of proximal interphalangeal joint associated with epiphyseal fracture of middle phalanx (Jones and Jupiter), 261
Pinch
Brachioradialis to flexor pollicis longus tendon transfer for active lateral pinch in tetraplegic (Waters et al), 385
Electromyographic analysis of thumb: Study of isometric forces in pinch and grasp (Cooney et al), 202
Restoration of strong grasp and lateral pinch in tetraplegia: Comparison of two methods of thumb control in each patient (House and Shannon), 21
Pisiform
Dysfunction of pisotriquetral joint: Treatment by excision of pisiform (Carroll and Coyle), 703
Simultaneous dislocation of hamate and pisiform: Case report (Gainor), 88
Pisotriquetral joint
Dysfunction of pisotriquetral joint: Treatment by excision of pisiform (Carroll and Coyle), 703
Pollicization
Index finger pollicization for congenitally absent or nonfunctioning thumb (Manske and McCarroll), 606
Skin incision in pollicization (Malek and Grossman), 305
Polydactylies
Congenital upper limb anomalies: Etiologic grouping of clinical, genetic, and epidemiologic data from 387 patients with "absence" defects, constriction bands, polydactylies, and syndactylies (Wynne-Davies and Lamb), 958
Rudimentary polydactyly: Report of five cases (Kitayama et al), 382
Position
Effect of elbow position on grip and key pinch strength (Mathiowetz, Rennells, Donahoe), 694
Primate
Intrinsic restoration of flexor tendon surface in nonhuman primate (Manske et al), 632
Procedure
Extensor sling procedure for unstable carpometacarpal joint (Biddulph), 641
Proceedings
American Association of Hand Surgery, 417
American Society of Hand Therapists, 583
American Society for Surgery of the Hand, 425
Profundus tendon
Profundus tendon blockage: Quadriga in finger amputations (Neu, Murray, MacKenzie), 878
Proximal interphalangeal joint
Flexible implant arthroplasty in proximal interphalangeal joint of hand (Swanson et al), 796
Vascular supply to proximal interphalangeal joint (Yousif et al), 852
Pseudotendon
Pseudotendon formation after flexor tendon injury (Kulick et al), 638
Pulley
Dermadesis and flexor pulley advancement: First report on simple operation for correction of paralytic claw fingers in patients with leprosy (Srinivasan), 979
New tendon pulley passer (Arons), 758
Pyridoxine
Pyridoxine as adjunct in treatment of carpal tunnel syndrome (Amadio), 237

Q

Quadriga
Profundus tendon blockage: Quadriga in finger amputation (Neu, Murray, MacKenzie), 878

R

Radialization
Radialization as new treatment for radial club hand (Buck-Gramcko), 964
Radiocarpal joint
Isolated dorsal radiocarpal dislocation: Case report and literature review (Varodompun, Limpivest, Prinyaroj), 708
Radiocarpal wrist reconstruction utilizing fibrous nonunion and radiocarpal arthrodesis (Ryu, Watson, Burgess), 830
Radiocarpal septum
Radiocarpal septum after trauma (Wehbé and Karasick), 498
Radiography
Method for evaluating carpal alignment on lateral radiographs (Micks), 580
Radiolunate
Radiolunate arthrodesis (Linscheid and Dobyns), 821
Radioulnar joint
Distal radioulnar joint arthroplasty: Hemiresection-interposition technique (Bowers), 169
Distal ulnar recession for disorders of distal radioulnar joint (Darrow et al), 482
Management of acute distal radioulnar dislocations associated with radial shaft substance loss (Foster and Hansen), 72
Radius
Long-term follow-up of nonvascularized fibrular autografts for distal radial reconstruction (Noellert and Louis), 335
Management of acute distal radioulnar dislocations associated with radial shaft substance loss (Foster and Hansen), 72
Ray
Functional assessment of ray transfer for central digital loss (Colen et al), 232
Reattachment
Hand amputations proximal but close to wrist joint: Prime candidates for reattachment (long-term functional results) (Meyer), 989
Reconstruction
Allograft bone for metacarpal reconstruction (Smith and Brushart), 325
Fingertip reconstruction with palmar advancement flap and free dermal graft: Report of six cases (Arons), 230
Hand reconstruction for multiple amputations by double microsurgical toe transplantation (Gordon et al), 218
Long-term follow-up of nonvascularized fibrular autografts for distal radial reconstruction (Noellert and Louis), 335
Rheumatoid wrist reconstruction utilizing fibrous nonunion and radiocarpal arthrodesis (Ryu, Watson, Burgess), 830
Tissue expansion in reconstructive hand surgery: Case report (Morgan and Edgerton), 754
Reduction
Combined reduction osteotomy for triphalangeal thumb (Peimer), 376
Release
Carpal tunnel syndrome: Associated abnormalities in ulnar nerve function and effect of carpal tunnel release on these abnormalities (Silver et al), 710
Repair
Improvement in results in sixty-four ulnar nerve sections associated with arterial repair (Leclercq et al), 997

Replantation
Improved exposure for arterial repair in thumb replantation (Caffee), 416
Ischemia-induced model of revascularization failure of replanted limbs (Zdeblick, Shaffer, Field), 125
Partial nail plate removal after digital replantation as alternative method of venous drainage (Gordon et al), 360
Replantation of amputated distal part of fingers (Yamano), 211
Use of Y-shaped interposition vein grafts in multiple digit replantation (Jones and Jupiter), 675
Resection
Lunate implant resection arthroplasty: Long-term results (Swanson et al), 1013
Metacarpal resection with contoured iliac bone graft and silicone rubber implant for metacarpal giant cell tumor: Case report (Carlow and Khuri), 275
Partial dorsal wrist denervation: Resection of distal posterior interosseous nerve (Dellon), 527
Restoration
Restoration of sensibility to anesthetic scarred digits with free vascularized nerve grafts from dorsum of foot (Rose and Kowalski), 514
Restoration of strong grasp and lateral pinch in tetraplegia: Comparison of two methods of thumb control in each patient (House and Shannon), 21
Revascularization
Ischemia-induced model of revascularization failure of replanted limbs (Zdeblick, Shaffer, Field), 125
Serial quantitative skin surface fluorescence: New method for postoperative monitoring of vascular perfusion in revascularized digits (Graham et al), 226
Rheumatoid
Rheumatoid wrist after resection of distal ulna (Gainor and Schaberg), 837
Rheumatoid wrist reconstruction utilizing fibrous nonunion and radiocarpal arthrodesis (Ryu, Watson, Burgess), 830

S

Sarcoidosis
Acute phalangeal fractures due to undiagnosed sarcoidosis (Terranova et al), 902
Scaphoid
Effect of avascular necrosis on Russe bone grafting for scaphoid nonunion (Green), 597
Soft tissue interposition arthroplasty for scaphoid nonunion (Boeckstyns et al), 109
Scapholunate
Biodynamics of wrist: Radiologic approach to scapholunate instability (Schuhl, Leroy, Comtet), 1006
Dorsal wrist pain and occult scapholunate ganglion (Gunther), 697
Scaphotrapezial ligament
Scaphotrapezial ligament complex: Anatomic and biomechanical study (Drewniany, Palmer, Flatt), 492
Septum
Radiocarpal septum after trauma (Wehbé and Karasick), 498
Severance
Severance of thenar branch of median nerve as complication of carpal tunnel release (Lilly and Magnell), 399
Silicone
Metacarpal resection with contoured iliac bone graft and silicone rubber implant for metacarpal giant cell tumor: Case report (Carlow and Khuri), 275
Silicone synovitis of wrist (Smith, Atkinson, Jupiter), 47
Skin
Serial quantitative skin surface fluorescence: New method for postoperative monitoring of vascular perfusion in revascularized digits (Graham et al), 226
Skin incision in pollicization (Malek and Grossman), 305
Snuffbox
Granulomatous radial arteritis with bilateral, nontraumatic, true arterial aneurysms within anatomic snuffbox (Leitner, Ross, Neary), 131
Soft tissue
Benign soft tissue chondromatous lesions of hand (Armin, Blair, Demos), 895
Spinal cord
Postoperative results of opponensplasty and flexor tendon transfer in patients with spinal cord injuries (Keliy et al), 890
Strength
Effect of elbow position on grip and key pinch strength (Mathiowetz, Rennells, Donahoe), 694
Streptokinase
Streptokinase in treatment of acute arterial occlusion of hand (Jelalian et al), 534
Subluxation
Bilateral subluxation of base of thumb secondary to unusual abductor pollicis longus insertion: Case report (Martinez and Omer), 396
Simultaneous subluxation of metacarpophalangeal joints of all four fingers: Case report (Ruiz et al), 78
Surgery
Effect of vincular injury on results of flexor tendon surgery in zone 2 (Amadio et al), 626
Microvascular surgery of upper limb (O'Brien), 982
Soft tissue expanders in upper limb surgery (Mackinnon and Gruss), 749
Tissue expansion in reconstructive hand surgery: Case report (Morgan and Edgerton), 754
Upper extremity neuropathies after cardiac surgery (Seyfer et al), 16
Symphalangism
Bilateral symphalangism of index fingers (Pritchett), 619
Symptoms
Illness in workplace: Challenge of musculoskeletal symptoms (Hadler), 451
Syndactylies
Congenital upper limb anomalies: Etiologic grouping of clinical, genetic, and epidemiologic data from 387 patients with "absence" defects, constriction bands, polydactylies, and syndactylies (Wynne-Davies and Lamb), 958
Syndrome
Bilateral hand necrosis in Kawasaki syndrome (Ames et al), 391
Chronic exertional compartment syndrome of forearm: Case report (Kutz, Singer, Lindsay), 302
Congenital carpal tunnel syndrome (Barfred and Ipsen), 246
Distal posterior interosseous nerve syndrome (Carr and Davis), 873
Hand and wrist joint problems in patients with Ehlers-Danlos syndrome (Kornberg and Aulicino), 193
Incomplete anterior interosseous nerve syndrome (Hill, Howard, Huffer), 4
Pathologic anatomy of forearm: Intersection syndrome (Grundberg and Reagan), 299
Pyridoxine as adjunct in treatment of carpal tunnel syndrome (Amadio), 237
Tuberculosis presenting as carpal tunnel syndrome (Lee), 242

Synovitis
Silicone synovitis of wrist (Smith, Atkinson, Jupiter), 47

T

Tendon
Digital flexor tendon sheath: Anatomic study (Strauch and de Moura), 785
Early stages of flexor tendon healing: Morphologic study of first fourteen days (Gelberman et al), 776
Effect of vincular injury on results of flexor tendon surgery in zone 2 (Amadio et al), 626
Fate of tendon healing after restoration of integrity of tendon sheath with autogenous vein grafts (Strauch et al), 790
Flexible tendon retriever (Ersek and Gadaria), 415
Flexor tendon gliding in hand. Part I. In vivo excursions (Wehbé and Hunter), 570; II. Differential gliding (Wehbé and Hunter), 575
Intraoperative tagging system to simplify tendon identification (Hallock), 307
Intrinsic restoration of flexor tendon surface in nonhuman primate (Manske et al), 632
Laser diffraction method for measuring muscle sarcomere length in vivo for application to tendon transfers (Fleeter et al), 542
New tendon pulley passer (Arons), 758
Nonoperative treatment of traumatic dislocations of extensor digitorum tendons in patients without rheumatoid disorders (Ritts, Wood, Engber), 714
Postoperative results of opponensplasty and flexor tendon transfer in patients with spinal cord injuries (Kelly et al), 890
Pseudotendon formation after flexor tendon injury (Kulick et al), 638
Retardation of finger growth after injury to flexor tendons (Cunningham et al), 115
Tendon interposition arthroplasty for degenerative arthritis of trapeziometacarpal joint of thumb (Eaton, Glickel, Littler), 645
Tenosynovial osteochondromatosis of extensor tendon of digit: Case report and review of literature (Patel and Desai), 716
Tenosynovitis
Candida albicans tenosynovitis of hand (Yuan and Cohen), 719
Gouty tenosynovitis in hand (Moore and Weiland), 291
Multiple recurrence of digital pigmented villonodular tenosynovitis: Case report (Adamson and Lucas), 278
Mycobacterium terrae tenosynovitis (Love and Melchior), 730
Tetraplegia
Brachioradialis to flexor pollicis longus tendon transfer for active lateral pinch in tetraplegic (Waters et al), 385
Restoration of strong grasp and lateral pinch in tetraplegia: Comparison of two methods of thumb control in each patient (House and Shannon), 21
Thumb
Bilateral subluxation of base of thumb secondary to unusual abductor pollicis longus insertion: Case report (Martinez and Omer), 396
Combined reduction osteotomy for triphalangeal thumb (Peimer), 376
Congenital clasped thumb: Review of forty-three cases (Tsuyuguchi et al), 613
Electromyographic analysis of the thumb: Study of isometric forces in pinch and grasp (Cooney et al), 202
Improved exposure for arterial repair in thumb replantation (Caffee), 416
Index finger pollicization for congenitally absent or nonfunctioning thumb (Manske and McCarroll), 606
Interphalangeal fixation of thumb in Moberg's key grip procedure (Hiersche and Waters), 30
Painful subluxation of carpometacarpal joint of thumb in Ehlers-Danlos syndrome (Moore, Tolo, Weiland), 661
Palmar cross-finger flap for coverage of thumb defects (Vlastou, Earle, Blanchard), 566
Posttraumatic sesamoid arthritis of metacarpophalangeal joint of thumb (Trumble and Watson), 94
Restoration of strong grasp and lateral pinch in tetraplegia: Comparison of two methods of thumb control in each patient (House and Shannon), 21
Tendon interposition arthroplasty for degenerative arthritis of trapeziometacarpal joint of thumb (Eaton, Glickel, Littler), 645
Tissue
Soft tissue expanders in upper limb surgery (Mackinnon and Gruss), 749
Tissue expansion in reconstructive hand surgery: Case report (Morgan and Edgerton), 754
Toe
Hand reconstruction for multiple amputations by double microsurgical toe transplantation (Gordon et al), 218
Toe-to-hand transfer based on medial plantar artery (Koman, Weiland, Moore), 561
Tourniquet
Digital tourniquet: How safe is it (Lubahn, Koeneman, Kosar), 664
Simple method of simultaneously administering intravenous fluids in forearm with bilateral upper extremity tourniquets (Patel and Fan), 309
Transfer
Brachioradialis to flexor pollicis longus tendon transfer for active lateral pinch in tetraplegic (Waters et al), 385
Functional assessment of ray transfer for central digital loss (Colen et al), 232
Toe-to-hand transfer based on medial plantar artery (Koman, Weiland, Moore), 561
Transfers
Laser diffraction method for measuring muscle sarcomere length in vivo for application to tendon transfers (Fleeter et al), 542
Transplantation
Experimental study of vascularized nerve grafts: Multifactorial analyses of axonal regeneration of nerves transplanted into acute burn wound (Koshima and Harii), 64
Hand reconstruction for multiple amputations by double microsurgical toe transplantation (Gordon et al), 218
Transposition
Intraosseous nerve transposition for treatment of painful neuromas (Goldstein and Sturim), 270
Trapeziometacarpal joint
Tendon interposition arthroplasty for degenerative arthritis of trapeziometacarpal joint of thumb (Eaton, Glickel, Littler), 645
Trapezius
Trapezium implant arthroplasty: Evaluation of semiconstrained implant (Ho, Jacobs, Clark), 654
Trapezoid
Isolated palmar dislocation of trapezoid (Kopp), 91
Trauma
Bilateral traumatic dislocations of Volz total wrist arthroplasties: Case report (Dennis et al), 503
Prevention of trauma: Cooperation toward better working environment (Blair and McCormick), 953
Radiocarpal septum after trauma (Wehbé and Karasick), 498

Treatment
Nonoperative treatment of traumatic dislocation of extensor digitorum tendons in patients without rheumatoid disorders (Ritts, Wood, Engber), 714
Treatment of macrodactyly (Tsuge), 968
Trigger finger
Unusual etiology of trigger finger: Case report (Rankin and Reid), 904
Triquetrum
Congenital absence of triquetrum: Case report (Anderson and Bowers), 620
Tuberculosis
Tuberculosis presenting as carpal tunnel syndrome (Lee), 242
Tumor
Glomus tumor of metacarpophalangeal joint: Case report (Serra, Muirragui, Tadjalli), 142
Primary malignant tumors of hand (Adeyemi-Doro, Durosimi-Etti, Olude), 815
Primary malignant tumors of upper extremity: Retrospective analysis of one hundred twenty-six cases (Creighton et al), 805
Two-point discrimination
Two-point discrimination tester (MacKinnon and Dellon), 906
Metacarpal resection with contoured iliac bone graft and silicone rubber implant for metacarpal giant cell tumor: Case report (Carlow and Khuri), 275
Tumorous lesions of hand (Johnson, Kilgore, Newmeyer), 284

U

Ulna
Distal ulnar recession for disorders of distal radioulnar joint (Darrow et al), 482
Metastatic carcinoma of distal ulna from occult pancreatic carcinoma (Huber and Weis), 725
Rheumatoid wrist after resection of distal ulna (Gainor and Schaberg), 837
Ulnar nerve
Histologic structure of ulnar nerve in hand (Bonnel), 264
Improvement in results in sixty-four ulnar nerve sections associated with arterial repair (Leclercq et al), 997
Palmar brevis profundus. Anomalous muscle associated with ulnar nerve compression at wrist (Tonkin and Lister), 862
Surgical significance of motor fascicular group of ulnar nerve in forearm (Chow et al), 867
Ultrasound
Evaluation of upper extremity vasculature with high-resolution ultrasound (Koman et al), 249
Classification and rationale for management of vascular anomalies in upper extremity (Upton, Mulliken, Murray), 970
Evaluation of upper extremity vasculature with high-resolution ultrasound (Koman et al), 249
Primary malignant tumors of upper extremity: Retrospective analysis of one hundred twenty-six cases (Creighton et al), 805
Treatment of hereditary multiple exostosis of upper extremity (Wood, Sauser, Mudge), 505
Upper extremity neuropathies after cardiac surgery (Seyfer et al), 16
Upper extremity and psychiatric illness (Louis, Lamp, Greene), 687
Xeroradiography as aid in planning resection of arteriovenous malformation of upper extremities (Cabbabe), 670
Upper limb
Congenital upper limb anomalies: Etiologic grouping of clinical, genetic, and epidemiologic data from 387 patients with "absence" defects, constriction bands, polydactylies, and syndactylies (Wynne-Davies and Lamb), 958
Microvascular surgery of upper limb (O'Brien), 982
Treatment of nerve injuries to upper limb: Plenary session, 992
Soft tissue expanders in upper limb surgery (Mackinnon and Gruss), 749

V

Vascular
Classification and rationale for management of vascular anomalies in upper extremity (Upton, Mulliken, Murray), 970
Vascular supply to proximal interphalangeal joint (Yousif et al), 852
Vascularization
Influence of vessel clips on vascular patency in microarterial grafts less than 0.5 mm in external diameter (Huang, Hu, Pan), 538
Long-term follow-up of nonvascularized fibular autografts for distal radial reconstruction (Noellert and Louis), 335
Restoration of sensibility to anesthetic scarred digits with free vascularized nerve grafts from dorsum of foot (Rose and Kowalski), 514
Vasculature
Evaluation of upper extremity vasculature with high-resolution ultrasound (Koman et al), 249
Vasoconstriction
Studies of pathologic vasoconstriction (vasospasm) in microvascular surgery (Puckett et al), 343
Vasospasm
Studies of pathologic vasoconstriction (vasospasm) in microvascular surgery (Puckett et al), 343
Vein grafts
Fate of tendon healing after restoration of integrity of tendon sheath with autogenous vein grafts (Strauch et al), 790
Venous anatomy
Digital venous anatomy (Moss et al), 473
Vessels
Rigor of small human vessels (Bruch et al), 985

W

Wrist
Bilateral traumatic dislocations of Volz total wrist arthroplasties: Case report (Dennis et al), 503
Biodynamics of wrist: Radiologic approach to scapholunate instability (Schuhl, Leroy, Comtet), 1006
Degenerative disorders of wrist (Watson and Brenner), 1002
Dorsal wrist pain and occult scapholunate ganglion (Gunther), 697
External fixators for wrist fractures: Biomechanical and clinical study (Nakata et al), 845
Functional wrist motion: Biomechanical study (Palmer et al), 39
Hand amputations proximal but close to wrist joint: Prime candidates for reattachment (long-term functional results) (Meyer), 989
Hand and wrist joint problems in patients with Ehlers-Danlos syndrome (Kornberg and Aulicino), 193
Infiltrating angiolipoma of hand and wrist (Walling, Companioni, Belsole), 288
Palmar brevis profundus. Anomalous muscle associated with ulnar nerve compression at wrist (Tonkin and Lister), 862

Partial dorsal wrist denervation: Resection of distal posterior interosseous nerve (Dellon), 527
Rheumatoid wrist after resection of distal ulna (Gainor and Schaberg), 837
Rheumatoid wrist reconstruction utilizing fibrous nonunion and radiocarpal arthrodesis (Ryu, Watson, Burgess), 830
Silicone synovitis of wrist (Smith, Atkinson, Jupiter), 47
Three-dimensional imaging of wrist (Weeks et al), 32
Trigger wrist: Case report (Lemon and Engber), 61
Wrist arthroscope (Bora), 308

X

Xenografts
Nail bed avulsions treated with porcine xenografts (Ersek, Gadaria, Denton), 152
Xeroradiography
Xeroradiography as aid in planning resection of arteriovenous malformation of upper extremities (Cabbabe), 670
